

# PUBLIC LEDGER

FOURTH YEAR.

MAYSVILLE, KY., TUESDAY, AUGUST 13, 1895.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

## For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however.

## Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—24 times—the bill is \$12.00. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "fill forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

When Arlie Latham heard the news Friday night from "Suckerville" the Gibson House was entirely too small for him.

Along about the fifth inning in the Cincinnati-Maysville game Friday Captain Ewing was approached by a Cincinnati "rooter" and asked why he didn't put Vaughn in to catch and put Fagin on the bench.

"Why such a proceeding?" asked the Captain. "To get a man who can bat the ball," said Mr. Rooters. "Why," replied Captain Buck, "Hoy can't hit the ball, neither can I, and I am sure the 'Farmer' can't. We are all trying our best, but it takes something more than best to hit that ball."

Yesterday's Commercial Gazette said: "Manager Blair feels confident that he will return from Maysville with at least one scalp. He will take his strongest team on the trip, as he realizes that he will not be up against any easy game. Maysville has a fast team of ball players, and if the Manhattans can come back to Cincinnati with one of the Kentuckians' scalps, their efforts will be worthy of special mention."

Yes, but the boys have completely recovered from their fast run Friday, and if the Manhattans win a game their efforts will, surely enough, be worthy of mention.

The Christian Endeavorers in some cities are putting up drinking fountains for the free service of ice water. That is practical christianity. It was Mark who chronicled the promise: "For whosoever shall give you a cup of water to drink in my name. \* \* \* Verily I say unto you he shall not lose his reward."

Well Known Here.

Prominent Virginia Attorney Who Died Recently.

E. Penny Goggin the Attorney, well known in this city, died of typhoid fever a short time since at his home in Bedford City, Va.

He was the law partner of Senator John W. Daniels, and his father was the most prominent lawyer in that state before the War.

His wife, who died a short time before, was the beautiful and accomplished daughter of Senator Withers.

No more polished, talented or sprightly man could be found anywhere than poor Penny. Peace to his ashes.

The world is on the move. The close of the nineteenth century will witness some amazing sights. Electric cars will commence to run on the streets of Rome next month, a trolley line will soon be constructed to the pyramids in Egypt, and the Shah of Persia has gone almost daft in learning to operate an American typewriter.

## FEMALE BOOTLEGGER.

A Lewis County Woman in Trouble at Portsmouth.

Lizzie Stamper, a young woman who went to Portsmouth about two weeks ago from Lewis county, was arrested by Deputy United States Marshal Pritchard of Lewis county on the charge of selling whisky without a license.

The Marshal says the woman belonged to that class of illicit whisky dealers known in Kentucky as "bootleggers." Her outfit consisted of a horse and wagon and a trunk filled with bottles of whisky, which she peddled among the farmers and lumbermen of Lewis and Grayson counties.

## DOG-GONE-IT!

Mt. Sterling Postmaster Knocks Out the Local Dog Law.

Postmaster George C. Everett has knocked the Mt. Sterling dog law higher than a kite.

He refused to pay a license tax imposed by the City Council and would not allow his dogs to be killed by the police.

He was arrested and fined \$1 for violating a city ordinance, and in order to make a test case of the matter refused to pay or replevy the fine and was committed to jail.

He sued out a writ of habeas corpus, made returnable before before Circuit Judge John E. Cooper.

The case was tried and Judge Cooper rendered his decision releasing Mr. Everett.

Judge Cooper held in substance that dogs are personal property and the ordinance authorizing them to be killed because their owners fail to pay taxes on them is unconstitutional. He held that it was contrary to the Constitution to imprison a man for the non payment of taxes, and that forced collection of taxes can only be made by levy. The Mt. Sterling dog law is therefore a dead letter.

## CASH OR CREDIT.

How Trading is Done in Other Countries Than Ours.

In China it is not customary to give credit. Money is obtained from lenders, who exact an interest of from 8 to 12 per cent. Business is nearly always conducted on a cash basis.

In Mexico the large commercial houses willingly give credit of from six to eight months, and in real estate trades long terms are given customers in which to settle their accounts.

In Turkey even objects of prime necessity are sold on credit, and in that country, as well as in Russia, the time allowed is, in most cases, twelve months.

In Spain four-fifths of the transactions are done on a cash basis, while in Portugal great liberality is shown and quite long credit is generally allowed.

In England a payment of the price of goods delivered is required at the end of three months, dating from the day of shipment.

In the Bermudas accounts are settled but once a year. June 30th is the day usually fixed for the payments.

In Canada settlements are made at the end of thirty days, with a discount of 5 per cent.

In Maysville—especially in the newspaper business—settlements are generally made when the debtor gets good and ready, which a large number never do.

Thomas Hines was very disorderly, and in the Police Court yesterday he was assessed \$15 and costs.

Professor Mose Combs was drunk and disorderly, and Judge Wadsworth let him off with \$5 and costs.

George Ort has been appointed Administrator of Mrs. Margaret Ort, deceased, with Henry Ort and C. B. Pearce, Jr., sureties. H. G. Wells, John M. Rains and Frank Devine have been appointed appraisers.

You will find a box of Ayer's Pills an excellent traveling companion. For constiveness, indigestion, sick headache and nausea they are prompt, safe and efficacious. Taken in season, they may prevent serious illness and vexatious delay and disappointment.

## RAILROAD ASSURED.

Brookville People Subscribe More Money Than Necessary.

There has been a movement on foot at Brookville for several weeks looking to the organization of a stock company to build a railroad from there to a point intersecting the Chesapeake and Ohio at Wellsburg, a distance of eight miles.

Saturday a meeting of citizens was held in the Courthouse, and about \$40,000 of stock was taken by local citizens.

This insures the building of the road, as, according to a preliminary survey and estimate made a few weeks ago by an experienced engineer, the road, exclusive of rolling stock, will cost only about \$39,000.

At the meeting eleven Directors, a President, Vice-President, Secretary and Treasurer were elected, and this board will proceed at once to make a contract for the construction of the road.

Great enthusiasm pervaded the meeting, for the reason that the building of this road gives an outlet to a large section of country, including the Southern part of Bracken county, the greater part of Robertson county and a small portion of Pendleton county, the people of which had heretofore to haul their produce to Augusta or Maysville in order to get railroad transportation, in either case a distance of from fifteen to twenty five miles.
